IMPORTANT-Q2

Frame the Policy
for ALL Winnipeggers

- 24 hr safe-spaces

- ~~Better~~ Use of City Facilities

Leisure Guide +
Community Centres

- open hours + access for the community

- letting ~~the~~ community partner in expanding programs
with city at facilities

cost (of hours / not rush hour lower fee)
signage

skating on school grounds

- Low-cost activities

② Q2

- Anti - Racism

- underpins everything
- need City staff to be aware + exhibit positive behaviours
- "My Winniepeg"
- University of Regina - back to school campaign...
"You are welcome here... racism is not"

Policy Framework - Themes + HCL

Q1

- Budget implications - staffing / in kind
- not always a huge cost, remove barriers for community to do work

- Community Centres - role + function
- programming for youth/all
- city operated vs community operated

- Active Imp - Training Police/Fire/Paramedic on cultural training/awareness, basic interaction, + safety (ie. pizza box in oven)

Q2 P

APPROX

- #3 -

② Policy FWK -

'Training' → needs a commitment to execute +

expectation to perform / behaviours

→ sitting in a training session is not enough
needs performance expectation

(city of reconciliation, but no smudging policy)

→ require volunteer hours (ie x times or hours/yr)
with an organization → learning by doing

Approach → cultural humility → lifelong commitment to
education on cultural dif., power imbalances

- #3 - Women's only swim time → more, expand hours

- Transportation, signage → getting people
around to these programs + wayfinding

① Thoughts on draft framework:

- More involvement from Mayor
(IE attend Welcome Fair, host Int. students)
- Very specific outcomes / ~~time~~ frame for goals (accountability)
- Evaluation / ongoing consultation w/ community
- Review / update policies / frameworks (IE: police application) Intense
- Issue of union impacting hiring policy
 - Hiring process needs to be review
- Ongoing trainings rather than one day (cultural shift)
- Increase bus routes / better bus ^{to connect to urban areas}

- Review / update policies / plans
- Issue of union impacting hiring policy
 - Hiring process needs to be review
- Ongoing trainings rather than one day (cultural shift)

- Increase bus routes / better bus services for bus users ^{to connect to different areas}
- Inter government collaboration on ~~some~~ access to services
- distribution / communication to newcomers as well as services (IE access to rec. centers, not all are aware)

Topic 2:

- Top 3:

- Staff positions for Newcomer Services at corporate level
- city-wide anti-racism campaign
(partner/government)
- targets/timeline towards inclusive workplace

- Low Cost

- Encourage Mayor involvement & leadership
(human rights city, better representation)
↳ Welcome fair
- Communication b/w newcomers & service providers IE: reduced passes to city rec. services
- Newcomer community collaboration
culturally appropriate, policy, etc.

City's role in welcoming + including newcomers?

- transit → special break for public transportation (ID, free tokens, lower cost)
 - other cities have this.
- access to recreation + services.
- bus service (public) for employers just outside the city (ie: Springfield) to bring workers to job.
- signage in the city - very hard to navigate - need clearer signage → with images / clear words
- * employment - City representative of demographics
 - representative workforce.

ie. w/ EIA
or
something

forcing developers to create a lot of options

- fire fighters / → more training on working with paramedics. newcomer communities (ie. life skills, communication, + fire/paramedics to train community on fire safety.
- \$ access to trained, professional interpreters (WRHA gets calls from city) → need to develop a policy. + communication / support for staff
- Safer streets

 - ie: baracades up on Ellen St on weekends so kids can play
 - Isabel @ 30km - due to speed / safety.

- benefits of co-op housing → more ↑ co-ops for newcomers

- anti-racism
 - apply to all city staff
 - ie: city recreation staff not held accountable for racism

- Leisure Guide - in more languages. - even if on-line

- for fee subsidy
 - not enough time to register after Leisure Guide comes out → need more time.

- transit

- bus drivers need to be trained about working w/ people from different cultures.

- active support for the refugee population

- ↳ WPRSAP → bringing it back - provides assurance for private sponsor groups.

- refugee claimants not funded federally (ineligible)

- can the city chip in to support this group
- shelter for the claimants? funding
- tied to idea of sanctuary city

→ need more info/outreach about fee subsidy - need help to fill the application

very difficult to access fee subsidy, process confusing (ie: getting a receipt + then think it's a bill)
no follow up confirming time + place.

- need womenonly access to rec - ie: swimming
- lin 4 winnipeg'ers are not born in canada
 - all of these are winnipeg'ers

↓

Newcomer Welcome & Inclusion Policy – Immigration Partnership Winnipeg Multi-stakeholder Council

Location: Cindy Klassen Recreation Complex **Date:** October 29, 2019
999 Sargent Ave. **Participants:** 20

Meeting Minutes

- Public Service training on anti-oppression, immigrant and refugee issues and cross-cultural awareness
 - Training is very important but it should not simply be a half day or one day training.
 - The training needs to be experiential e.g. City staff volunteering or getting exposure to community based organizations, hearing real people's stories
 - Community-based organizations would need to be compensated
 - There were different perspectives on whether mandatory or recommended training would be more impactful.
 - If training is recommended, one suggestion was to it a requirement for job promotion, thus making it a requirement for succession in certain, predetermined positions
 - Expectations around having knowledge of and training in anti-oppression and cross cultural awareness should be included in staff performance measures
- Would like to see activities related to equitable treatment of people, especially visible minority newcomers and indigenous people, by the police, for example standards and addressing systemic bias
- Support for having more low cost and accessible swimming programs for newcomers with a focus on refugees
 - Swimming is a life skill and many newcomers have drowned
 - Could approach the private sector for funding
- An access without fear policy is important
 - Community advocates did an access to information and learned there was an increase in status checks by police since 2014
- Access to City services
 - Overall there was support for the super pass, however one significant concern that rose was that non-newcomers living in chronic poverty may be resentful of this benefit for newcomers
 - Look at possibility of including this activity in the Poverty Reduction Strategy
 - Ideally, should make the reach of the super pass as broad as possible to include all low income newcomer groups including indigenous and other new residents to Winnipeg
 - Need to prioritize refugee population

- Support the creation of a city outreach team which could extend beyond city staff and work closely with community partners
 - For example, SEED Winnipeg has access to benefits program
 - The outreach team could attend their drop in days to share city services along with other groups
- Anti-racism campaign
 - Collaborate with community groups, business and other partners on an anti-racism campaign e.g. Chamber of Commerce, MANSO, SEED Winnipeg etc.
 - Partner with sports teams to do an anti-racism campaign as can have a wider reach
 - For example when the Blue Bombers supported sex trade issues during Grey Cup
- Immigration Partnership Winnipeg Multi-stakeholder Council is interested in serving as an advisory council in collaboration with Ethno-cultural Council of Manitoba to add members with lived immigrant and refugee experience
- The City needs to build on the host society's role
 - What is the role of citizen's in creating a welcoming city?
 - Maybe a civic engagement initiative to engage City residents in the strategy's goals
