CLARIFICATION

At the October 20, 2017 Bid Opportunity site meeting, the Project Manager identified that HVAC systems located within Civic Centre Car Park service the PSB only. City staff subsequently advised that Boilers in Civic Centre Car Park interlink with City Hall and occasionally service City Hall on an as-required basis.

Pursuant to Scope of Services requirements D4.3 (d), (f), (g) and D4.5 (d), (f), (g), the successful Proponent will be responsible to ascertain and confirm all existing site conditions, and prepare design and cost estimates as outlined within Phases 1 and 2.
