#### **QUESTIONS AND ANSWERS**

Q1: Per Main RFQ Document, B4.1 (p. 4), the solution should provide "a seamless integration with their existing property assessment and taxation systems." What are the current systems used by the City?

A1: Answered as part of Addendum 1

Q2: Form 1, 2. Letter of Introduction: Will the City accept an electronic signature on the Letter of Introduction?

A2: Yes, electronic signatures are acceptable.

Q3: What specific reporting is the City of Winnipeg required to provide to the Province of Manitoba? Can the City please provide a link to the corresponding legislation?

A3: The City of Winnipeg receives requests for ad hoc reports based on information requests received from the Province of Manitoba, for example, a snapshot of the assessment roll at any given time, as well as information on exemptions granted under Sections 22 or 23 in the Municipal Assessment Act.

The legislation that is used is the Manitoba Assessment Act and can be found at the following link  
<https://web2.gov.mb.ca/laws/statutes/ccsm/m226.php>

Other reporting is completed through the taxation systems.
