---

**Please note the following and attached changes, corrections, additions, deletions, information and/or instructions in connection with the Bid Opportunity, and be governed accordingly. Failure to acknowledge receipt of this Addendum in Paragraph 10 of Form A: Bid may render your Bid non-responsive.**

---

### **PART D – SUPPLEMENTAL CONDITIONS**

Revise: D12.3 to read: The City intends to award this Contract by March 23, 2007

Delete: D12.3.1 If the actual date of award is later than the intended date, the dates specified for Substantial Performance, and Total Performance will be adjusted by the difference between the aforementioned intended and actual dates.

### **PART E – SPECIFICATIONS**

Revise: E3.2 to read: The Contractor shall submit stamped Engineer's drawings for review and approval within five (5) working days of Contract Award and prior to commencement of work. Engineer's drawings shall show all details of construction and fastenings for erections and shall be as specified or approved. Engineer shall be a Structural Engineer licensed to practice in Manitoba with extensive experience in the design and manufacturing of aluminium and stainless steel signs and structures for public transit. Drawings to include concrete base requirements for sign structures and wind and snow loading requirements for signs and structures.

Revise: E4.9 to read: Install bus stop flag on Elite posts as per E5 and as per manufacturer's direction including adjustment of infill strip and installation of top cap. Infill strip and top cap are incidental to the unit prices bid.

Revise: E4.12 to read: Bus stop flags on Elite posts will be measured on a unit basis. The number of each item to be paid for will be the total number placed in accordance with this Specification and accepted by the Contract Administrator, as computed by the Contract Administrator.

Revise: E4.15 to read: Bus stop flags on Elite posts will be paid for at the Contract Unit Price for each item, which price shall be payment in full for supply of all materials and performing all operations herein described and for all other items incidental to the Work included in this Specification.

Revise: E6.3 to read: Manufacturer shall be a member of the Canadian Welding Bureau, or governing body where manufacture is in another country, and certified to design welds.

Revise: E7.3 to read: Manufacturer shall be a member of the Canadian Welding Bureau, or governing body where manufacture is in another country, and certified to design welds.

Revise: E8.3 to read: Manufacturer shall be a member of the Canadian Welding Bureau, or governing body where manufacture is in another country, and certified to design welds.
