**Please note the following and attached changes, corrections, additions, deletions, information and/or instructions in connection with the Request for Proposal, and be governed accordingly. Failure to acknowledge receipt of this Addendum in Paragraph 9 of Form A: Proposal may render your Proposal non-responsive.**

---

#### **PART E – SPECIFICATIONS**

Revise: E3.1 to read:

E.1 Upon successful award of Contract the Contractor shall comply with the following:

- (a) each flow meter purchased shall undergo a two (2) week testing period in a typical sewer flow monitoring application;
- (b) should the unit failure rate exceed 10%, that is, if more than one (1) unit **of the ten (10) purchased has been deemed to have a malfunction, be it hardware or software, the Contract will be cancelled. If more than 10% of units from any particular shipment order fail to meet the performance specifications, all units from that particular order will be returned for a full refund. Any previous shipment orders, which passed the performance specifications, will not be returned if the performance specifications are not met with subsequent orders.**
