Please note the following and attached changes, corrections, additions, deletions, information and/or instructions in connection with the Request for Proposal, and be governed accordingly. Failure to acknowledge receipt of this Addendum in Paragraph 9 of Form A: Proposal may render your Proposal non-responsive.

PART D – SUPPLEMENTAL CONDITIONS

Clarification of D5.1 (b): It is expected that only a visual inspection of the bridge deck underside surface would be undertaken. To perform the inspection of the deck underside, access to the abutments is required and a walk-through of the superstructure voids would be done. The space is classified as a confined space and assistance including a safety orientation, safety equipment, and related supervision would be provided by City of Winnipeg Bridge Crews.

Revise: D11.1(b) to read: Submission of draft report for City review by January 15, 2014.
