Please note the following and attached changes, corrections, additions, deletions, information and/or instructions in connection with the Request for Proposal, and be governed accordingly. Failure to acknowledge receipt of this Addendum in Paragraph 8 of Form A: Proposal may render your Proposal non-responsive.

PART D – SUPPLEMENTAL CONDITIONS

- Revise: D3.1 to read: The Province of Manitoba has issued a licence to the Brady Road Resource Management Facility. This license requires that a Landscaping Plan be submitted on or before **December 23 2014**. The plan shall include identification of all existing and potential nuisance operations within the land boundaries of the facility. Once identified the nuisance source will have an ultimate plan for management that includes but not limited to visual and auditory screening by use of vegetation and/or earthworks.
- Revise D4.1 to read The Consultant shall meet with a newly formed Brady Road Landfill Citizen Committee. The purpose of the meetings is to fully discuss and arrive at a consensus concerning the final plan for landscaping at the Brady Road Resource Management Facility. Four meetings shall be planned. The Consultant shall be prepared to supply visual materials to describe various vegetative scenarios that are possible in a landscaping plan. Figure 1 illustrates the area of the landfill where the landscaping plan shall be designed. A significant portion of the southern boundary will be done by others. The final landscaping plan shall incorporate both northern and southern features to document the overall site landscaping. **This plan will be submitted to the City by December 9, 2014, a Class 3 cost estimate will accompany the plan.**
- Revise D4.6 to read The design shall incorporate existing native Brady Road vegetation. The detailed design shall be at a minimum of one inch equals one hundred feet scale and include sufficient detail for construction layout. The detail design for the plan shall include a "Class 1" cost estimate. These construction designs and specifications shall be completed on or before **February 13, 2015**.
- Revise D4.9 to read The design shall incorporate existing native Brady Road vegetation. The detailed design shall be at a minimum of one inch equals one hundred feet scale and include sufficient detail for construction layout. The detail design for the plan shall include a "Class 1" cost estimate. These construction designs and specifications shall be completed on or before **February 13, 2015**.

Revise D4.11 to read The Consultant shall prepare bid documents for the Approved landscaping plan. The documents shall be ready no later than **March 13, 2015**.
