PART E – SPECIFICATIONS

- Revise: E3.1.1 to read: Snow clearing equipment shall be supplied on an hourly basis when requested by the Contract Administrator for winter maintenance activities between storms and opening up streets and back lanes and keeping them open during major snow storms and blizzards.
- Revise: E7.1 to read: The Contractor shall provide snow clearing equipment to keep streets and back lanes open during the extreme snowfall event if requested by the Contract Administrator. The Contract Administrator shall evaluate field conditions and at his discretion, continue or terminate the hourly snow clearing operations.
- Revise: E7.2 to read: Time utilized by the Contractor to keep streets and back lanes open during the snow storm shall not be part of the time limits established in E2.2, E2.3, and E2.4.
- Revise: E7.3 to read: During or after extreme snowfall and/or blizzards, the Contract Administrator may require that Regional and Collector streets and back lanes be opened using both Contract and City forces in order to open such streets and emergency routes as quickly as possible. The Contractor may be required to dispatch his equipment to work inside and outside the contract area with and under the direction of City forces.
- Revise: E4.1 to read: Where the Contractor does not satisfactorily complete the Work on Priority I, II, III streets, or back lanes in accordance with the time and quality requirements specified in E1.1, the Contractor shall be assessed a penalty.
