#### **Questions and Answers**

- Q1 What is the application for this matrix switcher?
- A1 The application is a large room with eight output displays (seven TVs and one projector; not a video wall). Inputs are planned to be eight HDMI from two desks at the front (two will come from laptops plus a desktop computer with four HDMI out and the two remaining HDMI for other devices). The other eight inputs will be from laptops on desks further back in the room.
- Q2 Are you going to be doing install and any programming?
- A2 City of Winnipeg IT staff will be doing the install.
