<b>Question 1:</b>	The RFQ specifically asks (REF: B37.2.b) the Proponent to identify through demonstrated experience how it has managed operating funds on large projects with milestone payments. <b>Can the City provide a general description of how it sees the milestone payments for the project?</b> This will allow the proponent to ensure our response is in alignment with the City's expectations
<b>Answer 1:</b>	The City is still working on the milestones payments, details will be provided to Prequalified Proponents. However, the intent is for the Project to have a number of milestone payments over the course of the contract period.
