#### **PART D – SUPPLEMENTAL CONDITIONS**

Add: D7.8(g)

In addition to D11, consult with property owners served by Creek Bend Road north and east of the Seine River and Sioux Road West north of Aimes Road, and confirm their vehicular and agricultural equipment access needs. After completion of the project, the new crossing structure will be the only access route for these properties. The load carrying capacity and clear roadway width of the new crossing structure should reasonably meet these access requirements.
