QUESTIONS AND ANSWERS

Q1: The RFP is for provision of transportation for persons with disabilities who may travel in a wheelchair or used a mobility device (Section D2.3), however the vehicle requested in Section E5 are not accessible for customers traveling in a wheelchair or scooter. Can you please confirm if the vehicles providing this service are required to be wheelchair accessible? If yes, please confirm eligible vehicle(s) for this RFP.

A1: This RFP does not require wheelchair/scooter securements. D2.3(a) relates to a person traveling in a travel wheelchair that would be folded and put in the trunk. The person will be seated in the seat while traveling, not in their mobility equipment.
