---

**Please note the following and attached changes, corrections, additions, deletions, information and/or instructions in connection with the Tender, and be governed accordingly. Failure to acknowledge receipt of this Addendum in Paragraph 10 of Form A: Bid may render your Bid non-responsive.**

---

#### **QUESTIONS AND ANSWERS**

Q1: With the assumption of zero clarifications being allowed in the submission B16.2 can you please clarify the intent of clause E4.3 with respects to any potential parts and materials required to certify a hoist or crane. We could not foresee the cost for this because it could represent anything form a missing bolt to a worn-out main line cable and sheeve.

A1: The intent of E4.3 is to include minor components similar to bolts and screws. In instances where there is worn out components like a worn-out main line cable, these would be considered as a "recommended repair" as identified in E4.2, and would be identified in the condition report that the Contractor would supply to the Site Coordinator. See E4.2 for more information.

Q2: Due to the limited response time can tender be extended till Friday May 27<sup>th</sup>, 2022?

A2: The Bid Submission deadline remains at 4:00 p.m. Winnipeg time, May 24, 2022.
