Form B(R1): Revise Item 11

Page numbering on some forms may be changed as a result.

### **PART E – SPECIFICATIONS**

- Add: E16 Debris Containment
- Add: E17 Protection of Existing Utilities

#### **E16. DEBRIS CONTAINMENT**

##### E16.1 Description

(a) This Specification covers all items related to the containment of any construction debris on or off the bridge.

##### E16.2 Construction Methods

(a) The Contractor shall ensure that all debris including, but not limited to: concrete debris, concrete cutting fluids, formwork debris, and repair materials do not enter the waterway in any way including by the bridge or adjacent roadway drainage system.

##### E16.3 Measurement and Payment

(a) Debris containment shall be considered incidental to the Work and separate measurement or payment will be made.

#### **E17. PROTECTION OF EXISTING UTILITIES**

E17.1 In accordance with and further to CW 1120, the Contractor shall protect and maintain all existing utilities that may be affected by the Work. The Contractor shall identify and locate utilities, and select appropriate construction methods to complete the work while avoiding harm to any utilities.

##### E17.2 References

(a) CW 1120 – Existing Services, Utilities, and Structures

E17.3 Measurement and Payment

(a) The protection of existing utilities shall be considered incidental to the Work and no separate measurement or payment will be made.
