REVISION INFORMATION
DIVISION 4 – SURFACE WORKS
STANDARD CONSTRUCTION SPECIFICATIONS

EXPLANATION OF THE REVISION SUMMARY

(The most recent revisions are highlighted yellow in the Specifications)

Revised Specifications

CW 3620 – R9 Installation of Underground Traffic Signal Services

This specification has been re-written into a 4 section format. This specification has been revised to reflect current practices. The revisions are too numerous to enumerate. Please review the entire specification to see how it affects you.

New Standard Details

All new and revised Traffic Signals Standard Details have been renumbered as a SD-300 series. Please review the drawings for changes.

Deleted Standard Details

All old Traffic Signals Standard Details in the ST series were deleted because the drawing numbers have changed to SD-300 series numbers as indicated above.

Approved Products for Surface Works

Section 40.4 Added to Table 40.4: Thrace-Linq 180EX supplied by Titan Environmental Containment Ltd.
