

PMM Addendum No. 6 – Wording Changes – Contractual Disputes

– effective January 10, 2023 – As per Materials Management, minor wording changes.

The following PMM Sections or pages are impacted by this change:

PMM Page #	PMM Section	Description
9-27	9.8.8	Contractual Disputes

† 9.8.8 Contractual Disputes

The **contract, generally in the Supplemental and/or General Conditions**, provide methods for resolving contractual disputes between the Contract Administrator and the Contractor over the Contract Administrator's valuation, **including those over** measurement or change in Contract time and/or Contract price for the extra work. The methods are specific to the **contract terms** that are applicable to the Contract.

In most cases dispute resolution between the Contract Administrator and the Contractor is as follows:

- If the Contractor disputes a determination made by the Contract Administrator, the Contractor shall act in accordance with the Contract Administrator's determination.
- The Contractor has the right to appeal a determination or order in accordance with the terms of the **contract**.
