**RE: 2025 LOCAL STREETS RENEWAL PROGRAM -
MCMICKEN ST – FROM SARGENT AVE TO ELLICE AVE**

We are planning road construction on McMicken St this summer.

Construction start window: Early June
Duration: Approximately 8-12 weeks, weather permitting

We will:

- Repair the sewer and install new catch basins
- Fix sidewalks
- Build a new curb
- Excavate and repave the existing roadway
- Restore the boulevard

During construction:

- The lanes we are working on will be closed to traffic
- There will be no on-street parking
- We will maintain pedestrian access to all properties

Please contact me if you have:

- Accessibility needs
- Access and delivery requirements
- Planned special events
- Underground appurtenances such as sprinkler systems or lighting cables within six metres (20 feet) of the curb
- Questions about the project

NOTE: New topsoil and sod may be placed on the boulevard as part of this project. While the contractor will maintain the turf for about a month or so, we do not maintain residential boulevards on an ongoing basis.

You can reach me at 204-896-1209 ext 895-823 or spenner@ksgsgroup.com.

We will contact you again two weeks before construction starts.
