Adult Nuisance Mosquito Fogging Program Will Continue Tonight

Winnipeg, MB - The Insect Control Branch completed Insect Management Areas 1, 2, 3, 4, 5, 6, 9, 10, 50, and 51 last night.

Starting at 9:30 p.m. tonight, the Insect Control Branch will continue treatment in Insect Management Areas 11, 12, 13, 14, 15, 16, 17, 18, and the urban areas of East and West St. Paul - **weather permitting**. This includes the following neighbourhoods:

Insect Management Area	Neighbourhoods
11	Glenwood, Norwood East, Norwood West
12	Archwood, Maginot, Niakwa Park, Stock Yards, Windsor Park
13	Alpine Place, Elm Park, Lavalee, St. George, Varennes, Worthington
14	Kingston Crescent, Minnetonka, Norberry, Pulberry, Victoria Crescent
15	Niakwa Place, Southdale, Southland Park, Symington Yards, The Mint
16	Island Lakes, Royalwood, Sage Creek
17	Dakota Crossing, Meadowood
18	Maple Grove Park, Normand Park, River Park South, St. Vital Centre, Vista
	Urban areas of East and West St. Paul

DAILY PUBLIC SERVICE ANNOUNCEMENTS

Until further notice, fogging will be carried out on a daily basis between the hours of 9:30 p.m. and 6:30 a.m. Daily Public Service Announcements will be released at least eight hours in advance of fogging. These Public Service Announcements will identify the Insect Management Areas the Insect Control Branch is planning to treat that evening, weather permitting.

It is important to note that fogging will not occur when temperatures are below 13 degrees Celsius and/or wind speeds are not conducive to fogging.

The City's extensive larviciding and residual treatment programs will continue throughout the City in conjunction with the fogging program.

All Winnipeg neighbourhoods have been grouped into 51 Insect Management Areas. Information on all fogging activities will be provided by referencing the specific Insect Management Area in which treatment is to be carried out. Residents can find out which Insect Management Area they reside in by calling 311 or by going to the Insect Control's website at Winnipeg.ca/bugline. At this website residents can click on "Find your insect management area" and type in their address to find out in which Insect Management Area they reside. Copies of this map and buffer zone registration forms are also available at your local library.

To find out where City crews will be fogging, citizens are encouraged to visit the website at Winnipeg.ca/bugline or call 311. In addition, the Insect Control Branch offers an automated telephone and e-mail notification system. Residents who register for this service will receive daily phone or e-mail notification during any fogging for adult mosquito control. To register for the automated email or telephone notification systems, citizens can go to Winnipeg.ca/cms/bugline/notification or call 311.

The insecticide Malathion 95ULV® will be used. This insecticide has been approved for use in Canada by Health Canada's Pest Management Regulatory Agency. Malathion 95ULV® will be used in accordance with federally approved label directions by licensed pesticide applicators.

BUFFER ZONES

All buffer zones will be respected. Crews will ensure that the sprayer is not treating within 100 meters on each side of a registered property on the front street, side street, and rear lane. Residents are reminded that if they wish to have their primary residence excluded from the adult nuisance mosquito fogging program, they can register in writing by completing the online form on the website at Winnipeg.ca/cms/bugline/notification/buffer_zone or by faxing 311 or by

contacting the Insect Control Branch at 3 Grey Street, Winnipeg, MB, R2L 1V2. Up to 72 hours may be required for processing.

Interested individuals may acquire more information by contacting 311, or by visiting the City's Insect Control website at Winnipeg.ca/bugline.
