Adult Nuisance Mosquito Fogging Suspended

Winnipeg, MB – The Public Works Department’s Adult Nuisance Mosquito fogging program is suspended as of today, June 29, 2016, due to lower mosquito activity. The current adult mosquito population is near the end of its life cycle.

Crews were able to treat all the scheduled Insect Management Areas last night which resulted in the entire City being treated once.

The Adulthood Factor Analysis (AFA) rating still remains at HIGH.
