Least Supported

## TOP 3 PRIORITIES FOR THE SOUTHEAST CORRIDOR

1. Safe environment when cycling
2. Connectivity of bike lanes
3. Condition/maintenance of bike lanes

## WHAT WE HEARD

Egerton Rd. is an enjoyable cycling route but feels out of the way for commuting.

Commuters use Des Meurons St. to avoid St. Mary's and St. Anne's Rd. during rush hour.

I don't feel comfortable cycling in traffic on Des Meurons St. as it is a four-lane truck route.

## ONLINE SURVEY

**198** respondents,  
**64%** live in the study area & **51%** drive a vehicle as their primary form of transportation

## ONLINE INTERACTIVE MAPPING SURVEY

**414** respondents

**208** comments

**463** map markers
