Classifications

For the purposes of the By-law, in order to qualify as a limousine or luxury vehicle, a vehicle must fall within one of the following categories:

- *Standard Limousine:* A standard limousine is a luxury sedan with an extended wheelbase and a seating capacity of seven or more persons, including the driver.
- *Specialty Vehicle Limousine:* A specialty vehicle, such as a sport utility vehicle with an extended wheelbase, a seating capacity of seven or more persons including the driver, and outfitted with appropriate luxury appointments.
- *Classic Limousine:* A luxury sedan of a make and model that is of a model year 25 years or more previous to the current year and approved by the designated employee as suitable for operation as a classic limousine.
- *Executive Vehicle:* A luxury sedan or SUV of make and model, approved by the designated employee, as suitable for operation as an executive vehicle, with a seating capacity of not more than nine persons, including the driver.

Executive Vehicles

Limousine and executive vehicles that are currently licensed by the City of Winnipeg have been approved by Vehicles for Hire to be considered vehicles within this category.

Approval for additional vehicle makes and models may be obtained by providing a written application (Appendix 1) submitted to the Designated Employee through the Vehicle for Hire office. Written approval must be received prior to a vehicle being licensed by VFH as a luxury vehicle/limousine. Completed applications may be submitted via email (wpa-vfh@winnipeg.ca) or in-person at the VFH office.

Vehicle model requests should include the year, make, model and a list of features of the vehicle to be considered. Documentation supporting this can be submitted for consideration as well.

Transition

For the purposes of the transition from provincial regulation to the City of Winnipeg, all vehicles approved for operation as a limousine by the Taxicab Board will, subject to meeting the general requirements be approved for operation as a limousine for March 2018.

General Requirements

Limousines shall be equipped with the amenities and optional features that are usual to and expected of a luxury vehicle, including, without restricting the generality of the foregoing, air conditioning, leather or high-end cloth upholstery, full interior carpeting, a high-quality audio system and tinted or dark power windows as allowed under the Highway Traffic Act.

Where an amenity or optional feature that would be considered usual to a luxury vehicle was not part of the fixtures of a classic limousine at the time of manufacture, it is not required in order to operate as a classic limousine.

Limousines should be in a condition appropriate to luxury service, including but not limited to the following requirements:

- Limousines shall be roadworthy and maintained in accordance with MPI safety standards;
- The exterior should be free of major noticeable damage; and
- The interior of the vehicle should not have any broken or damaged parts that may pose a risk to passengers
